info@fdsafireprotection.com

Suitable for staff who have fire extinguishers available to them in their workplace

Venue: Company Premises

Aim: To acquaint staff with the practical use and limitations of fire extinguishers and to build confidence in their use.

Duration: One hour (½ hour outside)

Overview:

- Discussion with students on general fire awareness at work, in the home and at leisure.
- A full explanation of the various types of fire extinguishers, their use and limitations.
- The elements of fire and the various classes of fire.
- Practical scenarios for the students to practice extinguishing fire with various types of extinguisher.

Learning outcome:

- Understand the behavioural patterns of people involved in fire situations.
- Be able to identify different types of extinguisher and which type is suitable for different classes of fire.
- Be confident and competent to use fire-fighting equipment in small-scale controlled fire situations.
